

FS-C5300DN/C5200DN

The new series of Kyocera ECOSYS color printers delivers the exceptional color output, high performance, and low Total Cost of Ownership that today's cost conscious businesses demand.

ECOSYS printers offer a cost effective way to utilize color in daily business communications, while helping to improve document productivity and lower operating expenses. Through Kyocera's advanced technology, energy use has been reduced and most replacement parts have been eliminated or replaced with long life components, reducing downtime and maintenance requirements.

And, unlike competitive products, ECOSYS printers offer efficient performance without excessive costs for supplies and service.
